Doh! Thank you! She is cc'd now. Valentina is away for a few weeks but I'll flag this for her when she returns.

Let's take that date and schedule 2 hours. 1 PM – 3 PM? We can develop an agenda and make the meeting shorter if necessary. I'm thinking this is the first of several meetings so we don't need to cover every topic but it would be very useful to identify a method/protocol for our agencies to coordinate during the Phase II update. Our working target or goal is to make sure that updates and modifications to water quality standards in the WQCP are approvable by EPA under the CWA.

Hi Erin,

We can do Monday, March 7 in the afternoon. How long should I schedule the meeting for? Btw, you forgot to cc Valentina on your earlier email.

Thanks,

Karen

Hi Karen,

Great to hear from you. I hope all is going well with you too. I am cc'ing Valentina as she is the other person on our staff who would be available to join me.

Looking at our calendars, these dates seem to work:

Monday March 7th, any time in the morning (12-12:30 is booked for Valentina) and before 3 PM

Thursday March 10th, any time in the morning and before 2 PM

The next week the same days work just about the same in terms of hours of availability.

Hi Erin,

Hope everything is well with you. Diane asked me to coordinate with you to schedule the meeting between SWRCB staff and USEPA staff to discuss our Phase II effort. We are thinking that sometime in early March would work for us. Please let me know USEPA staff's availability for a meeting during this time period.

Thanks,

Karen
